

Junckers

JUNCKERS STRONG

Available in matt, silk-matt and gloss
5 litre

Junckers Strong is an NMP-free, one - component water based pure polyurethane lacquer which is suited for residential and light commercial use. The new, NMP free version does not yellow, and provides an extremely light, natural appearance to all hardwood and softwood floors.

The product is used on both previously finished as well as on new or sanded old floors, and is also suitable for lacquering all kinds of indoor woodwork. It benefits from excellent flow, defoaming and levelling properties making the product extremely easy and satisfying to use.

Only available from Havwoods Accessories 01772 696600
