

D500

Product Description

Features

D500 is a one-component primer for the preparation of substrates prior to the use of parquet adhesives, in particular dispersion adhesives. It is suitable for both absorbent and non-absorbent substrates (with the exception of magnesium industrial floors) and for chipboard, panels and similar substrates.

- Solvent free
- Vapour permeable

Technical Data

Product type:	Synthetic dispersion
Colour:	White
Viscosity:	Easy to apply
Density:	1.0 g/cm ³
Cleaning agent:	Water
Storage / transport:	The temperature must not fall below +5°C or exceed +25°C during storage and transport. Store in a dry, well ventilated place.
Shelf life:	12 months
Pack size:	5 litre canisters (4 per carton)

Additional detailed information is noted in the appropriate Safety Data Sheet.
