

### General Description

Fibre Underlay for Floating Floors.

JunckersFelt is a step sound absorbing underlay mat which has been developed for floating floors.

It is recommended for use with all Junckers Solid Hardwood – as well as engineered Floors where no damp-proof membrane is required.

### Product Data

Material:	Polypropylene
Weight:	Approx. 140 gram/m <sup>2</sup>
Width:	1.0 m
Thickness:	Approx. 1.3 mm
Diffusion density:	Diffusion open

### Technical Properties

Temperature:	-50°C to + 100°C	
Resistance to tearing:	Both directions	>70 N (DIN 53336)
Ultimate strength:	lengthwise	>160 N/5 cm
	transverse	>160 N/5 cm (DIN 53857)
Tensile strength:	lengthwise	>70 %
	transverse	>70 % (DIN 53857/2)
