Trefix® Staircase Renovation System

The Trefix system is a patented aluminium stairnosing for easy installation of hard floors.

Trefix | Duo 15/15 Profile

This Trefix model has been specially developed for 15mm flooring. Flooring rebates in horizontally and vertically giving a very neat and easy installation.

Trefix | Profi 15 Profile

A specially designed profile for expanding the depth of tread and also for bull nose steps. Designed for 15mm flooring and to be complimented with a wood insert (see below).

Trefix | Vario Profile

The Trefix Vario is suitable for all flooring heights from 0-22mm. To be used with wood insert (see below).

Trefix | Universal Profile

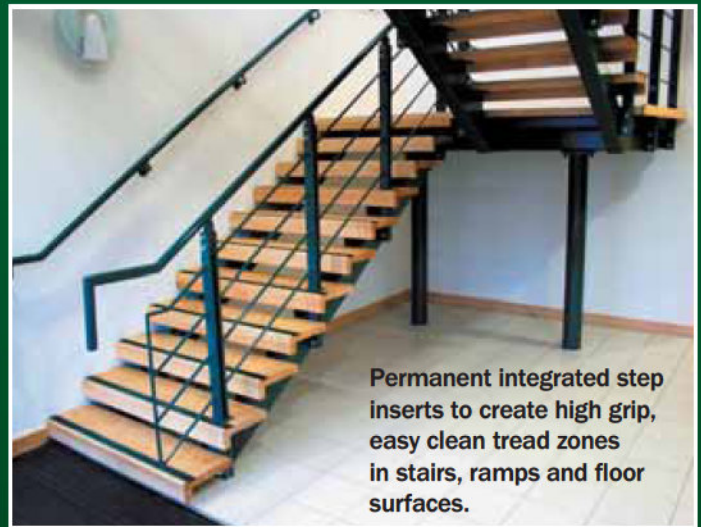

The Trefix Universal profile is suitable for all flooring heights from 0-22mm. This profile benefits from pre-drilled holes along the top edge - designed for commercial use. Recommended to be complimented with a wood insert (see below).

Trefix | Solid Wood Inserts
